# COLLECTION LOBELIA

**EN.3500**

**EN.3506.A**

**EN.3515/I-150**

In the LOBELIA tap collection we have included models that will find application in the bathroom and kitchen of households or various types of facilities where the emphasis is on the aesthetics of the equipment. The newest representatives of the collection include elegant concealed shower taps in a modern design that will satisfy the demands of the most demanding customer.

# COLLECTION NESEA

**EH.3500**

**EH.3500.1**

**EH.3522.A1**

**EH.3522.A**

A common design element of the NESEA tap collection is the slender square lever, which is pleasing to the eye and at the same time guarantees a comfortable grip. The collection includes freestanding taps for bathrooms and kitchens, concealed shower taps, wall-mounted shower taps, and bath taps.

**EH.3520/I-150**

**EH.3521/I-150**

# COLLECTION NESEA BLACK

**EH.3500\_B**

**EH.3500.1\_B**

BLACK IS BACK. Timeless black has found its way into industrial design and excels in the new NESEA BLACK tap collection. Elegance and functional design are the hallmarks of the entire collection, which features freestanding taps for bathrooms and kitchens, wall-mounted shower taps and bath taps.

# COLLECTION FICARIA

**EF.3500**

**EF.3500.1**

Place them in your home and they will tell all your visitors that you have an exquisite taste. Place them in your hotel and guests will immediately understand that you care about their comfort. The FICARIA designer series of sink, basin and shower taps will stand out wherever the owners of the space are not afraid to make it clear that they value luxury.

**EF.3520/I-150**

# COLLECTION GLORIA

**EG.3500**

**EG.3500.1**

**EG.3508.D**

A collection of designer taps from the GLORIA series consists of models for sinks, basins, baths and showers in the household and various types of public spaces.

A characteristic design element that accompanies the entire collection is the lever with an asymmetrical cut-out, which, combined with the solid bodies of the taps, gives the impression of airiness.

**EG.3515/I-150**

# COLLECTION SIBELA

**ES.3508.G**

**ES.3508.GB**

Slender and graceful curves are the hallmark of the Sibela collection of stainless steel taps. They are particularly suited to the kitchen, where they become literally a decoration of every sink. In addition to their classic stainless steel look, they also impress with their black finish.

**ES.3508.F**

**ES.3508.A**

# COLLECTION DENSA

**ED.3508.A**

Designed for households and professional gastronomic facilities, the DENSA series of sink freestanding taps bring elegance and eye-pleasing design to the space. The slender lever encourages delicate handling and makes it clear that there is a real lady among taps standing opposite you.

**ED.3508.E**

# IN-WALL SYSTEMS

Design pre-wall systems with pneumatic control for free-standing and wall-hung toilets in white for households and various types of public spaces fit perfectly into any modern interior. They stand out especially in generously proportioned bathrooms and sanitary facilities.

Don't mess it up. When you've already spent so much time designing your bathroom, choose a nice, high-quality trap for it too. Sink valves without a waste valve and all-metal waste valves with the CLICK-CLACK system will be the proverbial icing on the cake in your bathroom.

# CORNER VALVES

**TE-66N**

**TE-66N.1**

Stainless steel corner valves with ceramic tops are characterised by long life and modern, timeless design. As well as being a joy to look at, they are used to connect single-hole taps, tank flushers and shut off the flow in drinking and domestic water distribution. The TE-66N variant is sold as a set.
